Brittany Boese
Front-End Web Developer

Experience

Front-End Developer @ Otter Products
OCTOBER 2022 - PRESENT

I work in both Salesforce and WordPress to maintain multiple Otter Products properties. I use JavaScript, jQuery, SASS/CSS, HTML, and ISML to optimize the websites, conduct A/B tests, and implement new features.
Notable Projects: Checkout overhaul, SMS, A/B Testing, Otterboxbusiness.com, ADA compliance

Web Developer @ Alatus Solutions
SEPTEMBER 2020 - OCTOBER 2022

I built and maintained custom websites for a Dental Marketing Agency using HTML, CSS, PHP, JavaScript, jQuery, WordPress, Node.js/NPM, Photoshop, Sketch, and Adobe XD. I also performed Web Administration tasks.
Notable Projects: 81+ websites built using several custom WordPress themes

Front-End Web Developer @ Freelance
JUNE 2019 - SEPTEMBER 2020

I designed and built web pages for Keen Footwear, and Alatus Solutions. I used Salesforce, WordPress, HTML, CSS, SASS, JavaScript, jQuery, and PHP
Notable Projects: Designed and built custom WordPress themes

Front-End Web Developer @ Tailored Brands Inc
NOVEMBER 2016 - JUNE 2019

I worked cross functionally to develop all of the site assets for Men's Wearhouse. I developed HTML emails for Joseph Abboud, K&G, Moore's, and The Mens Wearhouse. I also assisted in developing and testing A/B tests.
Notable Projects: A/B testing, improved web accesibility, improved page load times

Front-End Web Developer @ Art.com
JULY 2014 - NOVEMBER 2016

I worked cross functionally to update and maintain Art.com and Allposters.com. I developed HTML emails, maintained all websites, mentored new employees, and set up A/B tests.
Notable Projects: Website responsiveness, improved page load times
